City Academy Mission
Transforming children, families and our community through exceptional education and bold expectations that empower children to overcome barriers.

Summary of Position:
City Academy is seeking a full-time Math Specialist to join our Student Support team. The Math Specialist will be responsible for managing a caseload of students, ages junior kindergarten to sixth grade. This educator will be responsible for providing pull-out, push-in, and small group instruction. As part of the Student Support team, they will provide expertise and support around student needs and differentiation in the general math classroom. In addition, they would manage, support, and advocate for the overall academic needs of students. This position involves providing tools and support to classroom teachers and families while also developing creative solutions to problems in order to meet the needs of the whole child.

Responsibilities
- **Individualized Support:**
  - Accommodate student disabilities, learning differences, and academic accommodations with a variety of instructional strategies to maintain high standards.
  - Collaborate with teachers and parents to create and implement personalized learning plans based off of academic evaluations and data.
- **Instructional Support:**
  - Collaborate with classroom teachers and families to provide support, resources, and strategies to enhance math instruction.
  - Conduct model lessons and co-teaching sessions as needed.
- **Assessment and Data Analysis:**
  - Develop and implement effective assessments to measure student progress.
  - Analyze data from classroom assessments, standardized tests, and psychoeducational evaluations to identify areas for improvement and implement strategies to address gaps in understanding.
- **Curriculum Development:**
  - Design and implement comprehensive and engaging math lessons that align with classroom content, while also providing remedial and enrichment instruction that caters to the diverse learning needs of students.
- **Professional Development:**
  - Keep current on the latest trends, methodologies, and resources in math education by attending professional development seminars.
  - Facilitate workshops and training sessions for teachers to enhance their math teaching skills.
- **Fostering Community:**
  - Develop a community and environment where students feel safe, respected, and ready to meet new challenges and take appropriate risks.
City Academy Elementary Mathematics Specialist Job Description

- Maintain regular contact with families and faculty members that clearly and effectively describes children’s cognitive needs and areas for support.
- Consistently show understanding, respect, and sensitivity for cultural differences to live out the City Academy mission.

Qualifications:
- **Advanced Degree:**
  - Master’s Degree in Elementary Education, Math Instruction, Special Education or a Special Certificate in Math Education

- **Curricular Excellence:**
  - Demonstrate a strong foundation in pedagogy, curriculum development, and educational theory.
  - Experience and skillset to provide individualized approaches in math remediation and enrichment.
  - Experience with designing, administering, and interpreting student assessments based on program standards and outcomes.

- **Diverse Experiences:**
  - At least five years of experience working with students of diverse backgrounds in elementary and/or middle schools
  - Knowledge, skills, and experience around underlying attention, memory, language, social skills, and executive functioning challenges and how they impact learning and academic achievement.

- **Passion:**
  - Exhibit a genuine passion for mathematics and a commitment to instilling a love for the subject in students.
  - Exude a warm, caring, flexible, knowledgeable, and dynamic personality.

- **Collaborative Mentality:**
  - Ability to build positive working relationships with students, families, and colleagues to create a supportive learning community.
  - Possess excellent communication skills to convey complex mathematical concepts in an accessible manner to students, teachers, and parents.

City Academy offers a competitive compensation and benefits package and a sustained commitment in the budget to ongoing professional development for our faculty. City Academy is an equal opportunity employer and does not discriminate on the basis of age, gender, race, color, religion, national or ethnic origin or sexual identity in its hiring processes.
